

TÆTNINGSLISTER

INFORMATION VEDR. TÆTNINGSLISTER;

Vi har et kæmpe udvalg / udbud af tætningslister, og kan tilbyde mange flere end afbilledet. Ofte kan et alternativ sagtens bruges da vi kun bruger anerkendte kvalitets materialer.

For at fremme genkendelsen af den ønskede tætningsliste, kan du evt. klippe listen over, og tage et foto (gerne med målebånd) og fremsende på mail eller sms til os.

Herved undgår vi misforståelser og du kan nemt og snildt få udskiftet listen.

Se eksempel:

✓ Right

✗ Wrong

Opmål din tætningsliste:

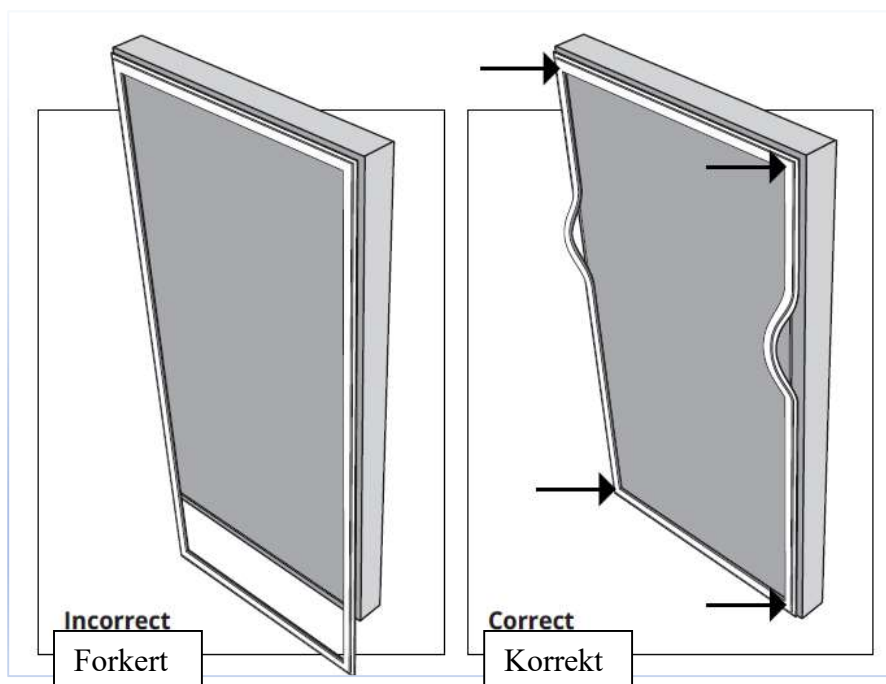

Mål: midt/midt

Mål: Udvendig

Montage af tætningslister:

Vigtigt!!

Påsæt **ALTID** hjørnerne først...
Listen bør have almindelig rumtemperatur inden montagen. Materialet har sin korrekte størrelse og smidighed her, og du kan nemmer arbejde og tilpasse montagen med det bedste resultat.

Større lister bør ligges fladt ud i sin endelig form mindst 30 min. før den isættes. Transportkassen giver ikke optimal udseende....

Husk **ALTID** at rengøre inden du sætter den fast.
